

CHEMINEES PHILIPPE – CUBE

Linedrawing:

Technical characteristics:

Unit dimensions (cm)	65.7 x 65 x 36.5 (height x width x depth)
Fire box dimensions (cm)	28 x 55 x 22 (height x width x depth)
Flue Diameter	153mm
Flue outlet	Top or rear
Recommended fuel	Wood
Log size loading from the front:	55cm
Panoramic glass resistant to 750 deg C	Yes
Cast iron firebox	Yes
Air Regulation	Yes, manual
Weight	110 kg
Normal kW Output	6.5 kW
Heating volume	80 - 220 m ³
Wood consumption at normal rate	2.4kg per hour
Average fume temperature	313 degC
Minimum distances to combustible materials	50cm rear, 50cm sides, 150cm front
